Ben,

This is the "first wave" of letters that went out last month.

I have you down to contact Brad Martin. Are there any others that should be on your list- Edward Dobbs, the Colliers, Duncan Williams, Dow McVean, others ?

**Subject:** Fw: Donor Pledge letter/ Donor List (Confidential)

At the last board meeting, Ben and I announced that we would be sending a significant number of letters out seeking donations from private sector individuals/ entities.

The "first wave" of letters went out this past Friday. The letters went to individuals/entities that have been approached in the past. Some have contributed (prior to 2017), and some have never contributed.

The "second wave" of letters will go out in the next week or so and will be directed to businesses and other entities that have never even been approached for support of the Crime Commission. (This is actually a larger list.)

At the board meeting, Ben asked all private sector board members to assist by following up the letters with personal contacts to designated individuals asking for their financial support.

Attached is the letter which went to various people last Friday and a list of the individuals to whom the letter was addressed. The list also indicates whether there have been any past contributions and, if so, when and how much. With a few exceptions, the list also includes phone numbers. (We do not have email addresses.)

If there is an \* by a contribution, that means it was a contribution earmarked for a specific program (such as the DA's Bikes for Perfect Attendance program) and NOT for general Crime Commission operations. (Some of these earmarked contributions actually occurred in 2017. Any other listed contributions occurred prior to 2017.)

Ben and I would like for you to take a look at the list, then let me know any individuals you are willing to contact. We will appreciate your help.

Dear \_\_\_\_\_:

After spearheading development of a new five-year Operation: Safe Community crime plan (2017-2021), the Memphis Shelby Crime Commission is now taking the lead in moving us forward in implementing the plan.

One year into the plan, we are making progress on many fronts, including:

1. The hiring and retention of more Memphis police officers, with 169 new commissioned officers hired within the past year and 85 percent of eligible officers signing retention agreements coupled with retention bonuses funded through private sector contributions to the Crime Commission;
2. Enactment of state legislation imposing tougher sentences for convicted felons possessing guns along with the launching of the FED UP. GUN CRIME. MAX TIME communications effort to convey the consequences of engaging in gun crime in an effort to change behavior;
3. Implementation of the D.A.'s community prosecution model in three MPD precincts to strengthen partnerships among citizens, law enforcement, and prosecutors;
4. Development of an assessment center model to direct non-violent youthful offenders away from the juvenile court system and address underlying factors to reduce the odds of future delinquent or criminal behavior;
5. Funding for a transitional work program coupled with other services to assist ex-offenders move in the right direction; and
6. Launching of the violence intervention/focused deterrence model by the D.A.'s office to curtail criminal activity by certain high-risk individuals.

Enclosed is a handout which summarizes the plan. We distribute these throughout the community and are glad to furnish you some for distribution to your employees or others. Just contact Linda Russell at [lrussell@memphiscrime.org](mailto:lrussell@memphiscrime.org).

The Crime Commission is the ONLY entity in our community charged with overseeing implementation of a community-wide plan to reduce crime. And we depend totally on private donations. We hope you will invest in our efforts by making a tax deductible donation.

We've included a return envelope along with a pledge card in case you are willing to make a one-year or multi-year pledge of financial support. Donations may also be made on-line by going to [www.memphiscrime.org](http://www.memphiscrime.org) or [www.operationsafecommunity.org](http://www.operationsafecommunity.org).

We will be glad to meet with you to share in more detail the efforts of the Crime Commission and the Operation: Safe Community plan. We will appreciate your financial support and active advocacy for implementation of a plan which can make our community safer.

Sincerely,

Ben Adams  
Board Chair

Bill Gibbons  
President
